

You can help fund \$1,000,000.00 in donations for Brian Novis Research Grant Awards given by the International Myeloma Foundation. The beauty of this is that this can be accomplished without you or anyone you have help you with this, taking even one cent out of your pockets or participating in a walk or any other type of event. Interested, read on. Where will the money come from? It will come from a corporation we have all made one of the richest companies in the world, Microsoft. Microsoft has a couple of its own browsers, Bing and Edge. Companies such as Google, Microsoft and Apple make money when someone clicks on an ad or link posted on their browsers. Microsoft is trying to increase its share of this lucrative revenue stream by providing an incentive for us to use Microsoft's Bing and Edge browsers. The incentive is through their Microsoft Rewards Program. You can enroll in Microsoft Rewards for free and generate points which convert into monetary donations for research simply by clicking on your computer and tapping on your cell phone using Microsoft Bing and Microsoft Edge. We all made Microsoft ***immensely wealthy***. Now it is time for Microsoft to help make myeloma patients ***immensely healthy*** and Microsoft is willing to give money to do just that.

By clicking and tapping, each day you can generate about 35 cents per day. At first glance this may not sound like a lot but do the math.

Average daily amount	\$0.35
Days per year	365
Yearly amount from clicking and tapping	\$127.75
Matched by Microsoft	\$127.75
Total annual amount per person	\$255.50
Number of Support Group Members, Family Friends	40
Amount generated per support group	\$10,220.00
Amount for 20 Support Groups	\$204,400.00
Amount for 50 Support Groups	\$511,000.00
Amount for 100 Support Groups	\$1,022,000.00

Every dollar for **research**. Do you see the potential? Now, how does 35 cents per day look? Get family and friends to do this and we could well provide the funding that finds new and better treatment or, god-willing, we might even provide the funding that leads to **the cure**.

Please join me in this effort.

Steve Weinstein, Co-leader, Boca Raton Multiple Myeloma Support Group

There are three different ways to generate points that you can turn into cash donations for the IMF and the step by step instructions for each are presented in the order listed below:

1. From your desktop or laptop computer
2. From your smartphone or tablet
3. What I think of as Bonus Points which can be earned through either your computer or smartphone/tablet and additional points from emails you receive from Microsoft Rewards

Go to

Championships: PGA Championship, 2013 | WGC-Cadillac Match Play

After clicking on the first icon on the bottom left, the News Headline icons will move to the top. Click on 30 different headlines. Click on the white arrow at the right for more headlines to show. You can type specific searches in the search bar. As you clicking from left to right, you may find the headlines keep reverting to the beginning. Type NFL teams or anything that will have a list and click on the icons

To generate money using your smartphone, download and install Microsoft Edge from your app store. Once installed, tap on and open Microsoft Edge.

This is the search bar for Microsoft Edge. You get points for 4 searches using the search bar.

I do the same 4 searches each day, enter AAA and hit search. After the search is done, I tap on the search bar then hit the space bar on the keyboard and more AAA items come up. In order, by repeating this process, I search
aaa
aaa membership
aaa membership renewal
aaa membership renewal cost

This way I do not have to type anything in

After doing the 4 searches using Microsoft Edge, tap on the Home icon

Tap on the Bing icon

After you tap on the Bing icon you will be at the Bing home screen.

Scroll down and tap on the first headline

Tap on the first headline then tap on the next headline to the right, scroll and tap until you have tapped 30 times

Sometimes the list of headlines will revert back to the beginning every tap after the first 10 or so taps. This can be frustrating. When this happens I type NFL Teams, NBA Teams, New Movies or anything else that will generate another list for me to tap straight across.

Bonus Points

There are what I call bonus points available during initial registration, on a daily basis and a monthly basis.

On you computer, a single click on the total points accumulated will open this box.

Notice that Bonus Points are awarded for completing "Daily Sets" for a period of consecutive days. This is explained on the next page

This is a summary of the daily points available and earned. 150 from clicking on the computer, 20 from Edge and the 200 is normally 100 but for setting Bing as the default browser the amount is doubled for a period of time

This is what is referred to above as the Daily Set. There are always three items in the Daily Set.

1. The item to the left simply requires clicking on it. Allow the page to change and then click the back arrow to return to this page. The green arrow means that the task is completed and points have been earned.

2. The item to the right is a poll question. Click on the item and give an answer. There is no right or wrong answer. Simply click on one of the two choices and allow the results to appear. After the results appear, click the back arrow twice to return to this page

3. The middle may be 5 or 10 multiple choice questions or some other type of quiz. The point value you can earn will vary from 10 to 50 points depending on which quiz is asked. For the multiple choice quiz, right or wrong answers do not effect the points earned. Just go all the way through and click "Get Your Score"

Daily set

10 points >

Current day streak **16** Keep going, **4 more days to go** before unlocking your 105-point bonus prize.  Streak bonus

Always scroll down after completing the Daily Set as there are often additional points to be earned. One or more of the items below often, but not always, shows up.

The screenshot displays the Microsoft Rewards interface. At the top, a blue banner features the text "Give with Bing" and "Earn more for the causes you care about with Microsoft Rewards for Good." Below this, a "More activities" section contains eight activity cards. Each card includes an icon, a title, a description, a progress indicator (a green checkmark and a score), and a "points >" link.

Activity	Points Available	Progress
Claim your points	100	100% (Green checkmark)
This or That?	50	15/50 (Green checkmark)
Supersonic quiz	30	30% (Green checkmark)
Lightspeed quiz	40	40% (Green checkmark)
Warspeed quiz	30	30% (Green checkmark)
A quiz about America	10	10% (Green checkmark)
Show what you know	10	10% (Green checkmark)

Install the Microsoft Bing App from your App Store. Log-in using the account you already created. This will add one additional item to click on below the daily set using your cell phone. The point value for this cycles in 10 point increments each day starting at 10 points, ending at 70 points and then resetting for the 10 point to 70 point cycle every 7 days.

You may get a monthly email from Microsoft Rewards that asks trivia questions. There are normally four questions; one question is worth 20 points and the other three questions are worth 10 points each. The correct is answer is required to earn points but you are permitted to keep trying until you get the correct answer.

Keep clicking and tapping until we find the cure!!!!!!
